Comments

Kids waited @ barns because some children were late. 2 children walked over after 8am -long way watched by CPT because settlers on OHM. Also white pickup @ gate, maybe DCO #7598163

Three boy walked alone. Children didn't come by house + said they had been waiting half an hour – we got there 12.20

Today the clocks went back an hour. We called army @ 6.45 to tell them, they said they knew.

Settlers with sheep near chicken barns, shouted at kids and came toward them; Gedalia came out and told kids to keep walking

Army there before children but waited

Children had to wait over 20 mins @ barns because hummer went to chase shepherds out of Meshaha

4th call from Yesh Din

Kids ran back to Tuba end of barns and waited. Teachers late for school because they were stopped @ checkpoint

(Leaving time approximative) Children said there were still 4 children in Tuba when they left. Soldiers came early so they left the 4 children in Tuba. Some of those children would be coming to Tuwani
2nd call to the army: said they would not come till 1.30. Called Yehudit who called her contact in army. Army came 15 mins later
Kids went with escort without internationals present.
During first two calls, dispatcher said they were coming. During third call, dispatcher said they wouldn't be coming until 8:30, and that nothing bad would happen.
Army left before children reached the barns.
Army hung up on Jessica on both occasions, so Yehudit was called at 13:19, who called the Army.
Army didn't wait for children to reach the barns before they turned around and left.
Calls to Yehudit at 13:56 and 14:25. New unit in the area, which apparently didn't know what was going on.
